Listing Educational Events on the PTI Website:
Criteria and Procedures
Version 2.0

It is the PTI’s policy to post notice of educational events to the PTI website when an event meets all of the following criteria:

• The agenda, in whole or part, is dedicated to PTI-specific education or will convey directly-related content that will enhance attendees’ ability to implement the PTI (for example, GS1 standards). Events that feature product or service demonstrations or promotions, as determined by staff of the administering association(s), are not eligible for posting.
• Speaker(s) must include at least one PTI representative – to include staff member(s) of any of the four administering associations, or designated volunteer leader member(s) of the PTI leadership structure.
• Registration for the event is open to any and all interested persons.
• It is preferred, though not mandatory, that registration for the event be free of charge.
• More information about the event must be available online, so that the online source can be linked to in the post for more information.

Procedures:

• Use the following template to develop a proposed listing about a PTI educational event.
• Direct your request to be listed, along with your proposed event listing, to Krisztina Vida at GS1 US. Note: PTI website manager(s) may edit copy as deemed needed for grammar, style and content prior to posting an event to the PTI website. Be sure to include your contact information, in the event they have questions or need more information to consider your posting.
• If your event meets the criteria for inclusion on the PTI website listed above, events will be posted within 7-10 business days of receipt of your request; events will be removed from the website immediately upon conclusion of the event.
